Galician Division
of the Waffen SS**
Volume Two
STALIN'S NEMESIS

The History of the Galician Division of the Waffen SS

Volume Two: Stalin's Nemesis
Michael James Melnyk

**An exhaustive and definitive account of the history and eventual fate of
the Galician Waffen – SS Division**

- Lavishly illustrated with 185 photographs, many previously unpublished and rare
- Utilises new material about every aspect of the formation
- Includes unique first-hand accounts from interviews with the last surviving veterans
- The last ever opportunity to capture the accounts of the participants

The History of the Galician Division of the Waffen SS – Volume Two: Stalin's Nemesis is the second volume of a two-part set on the history of the Galician Division based on twenty-five years' research by historian Michael James Melnyk. The author has sourced additional new and hitherto unseen original material on all aspects of the Division's history from archives and private collections in Europe, Australia, North American and Canada. Complemented by individual accounts and contributions of many veterans, which add an engaging personal dimension, this definitive account is lavishly illustrated with many unique photos and crammed full of details, notes and references.

Michael James Melnyk has researched the Galician Division exclusively for over twenty-five years and has amassed a huge amount of material on this topical unit. An established author and authority on the subject, he has extended his previous works to encompass an extraordinary level of detail. He is regularly consulted as an expert on the subject and has participated in television and radio documentaries for the BBC and independent stations, as well as providing source material on related topics.
